Dear City Officials,

I am writing to express my support for continued annual local government funding for the Cass County Historical Society and its work at the Long Home Museum and Cass County Museum.

The Cass County Historical Society is a 501 (c)(3) nonprofit organization whose mission is “To collect, preserve and share Cass County Indiana history.” Through its museums, collections, exhibits, educational programs, research resources, and community events, the Society preserves our shared history and makes it accessible to residents, students, researchers, and visitors.

The Long Home Museum and Cass County Museum are valuable community assets. They preserve irreplaceable artifacts, photographs, documents, buildings, and stories while providing educational and cultural opportunities that strengthen our community and help future generations understand Cass County’s heritage.

Consistent local government support provides an important foundation for this work and demonstrates that preserving our history is a community priority. I respectfully ask the City of Logansport to continue annual funding for the Cass County Historical Society in support of its nonprofit mission and the operation and preservation of our museums and collections.

Thank you for your service to our community and for your continued support of Cass County history preservation and education.

Sincerely,
